Fellow Investors,

I have been working with Mr. Filorimo, Guidance Wealth management, to help navigate today's volatile financial and insurance market.

Mr. Filorimo, through very difficult stock market downturns, was able to:

- 1) Stabilize our Portfolios.
- 2) Create a 401(k) for our business for Tax-Write off purposes.
- 3) Review our Life Insurance and adjust our coverage for our growing family
- 4) Create Tax-Free Supplemental Income for my family's future.

Mr. Filorimo has a good knowledge of his business and is reputable.

Please feel free to call me if you like on my cell at 561-702-9091.

Sincerely

RICHARD L. RUBINO, ESQ.
